

TRUCKVAULT ANNOUNCES SMITH & WESSON M&P TRANSPORTER

Sedro Woolley, WA (3/5/2009)

TruckVault, Inc., the world's leading manufacturer of secure in-vehicle storage systems, is proud to announce the launch of a new Smith & Wesson metal handgun safe line. The M&P Transporter from Smith & Wesson is the perfect handgun security solution for the law enforcement professional. The M&P Transporter allows you to safely and securely store your handgun and additional ammo clips. The M&P Transporter features heavy duty 14 gauge cold roll plate steel construction, hinge assisted opening, keyless combination lock entry, padded foam insert, and a built in retractable cable tether. The Smith & Wesson M&P Transporter can be attached securely virtually anywhere inside or outside your vehicle. Empty weight 16.5 lbs. Approximate interior dimensions 12" X 7.5" X 3". Manufactured in the USA and backed by a limited lifetime warranty. Visit: www.truckvault.com/smith-wesson for more information.
