

TRUCKVAULT ANNOUNCES SMITH & WESSON QUICKDRAW

Sedro Woolley, WA (3/5/09)

TruckVault, Inc., the world's leading manufacturer of secure in-vehicle storage systems, is proud to announce the launch of a new Smith & Wesson metal handgun safe line. The Smith & Wesson Quickdraw portable handgun safe is the first in this line and is designed to handle all conceal carry handguns up to a 1911 frame. The Quickdraw is highly secure, extremely portable, and features a revolutionary hinge assisted lid that presents your handgun to you upon opening. Other notable features include a nylon universal holster, a versatile lockable mounting plate with keyless 3-tumbler combination entry, and a removable cable tether for on the go security. The Quickdraw is manufactured of solid 16 gauge cold roll plate steel, is highly versatile, and is easily secured anywhere. Additional mounting plates are interchangeable and can be purchased as an added accessory. Empty weight 14 lbs. Approximate dimensions 14.25" X 8.5" X 2.8" Manufactured in the USA and backed by a limited lifetime warranty. Visit: www.truckvault.com/smith-wesson for more information.
